The Government have proposed in the above reference to open at least one rural dispensary out of the balance of the savings consequent on the provincialization of the Local Fund Dispensary at Harapanahalli. The Taluk board have sanctioned recently the opening of two rural dispensaries with reference to G.O.No: 826 P.H dated 4-4-1930, and the approval of the Government has been sought for separately, through the Surgeon General with the Government of Madras. Funds to the extent of only Rs.720/- to meet the cost of medicines required for these two new dispensaries have been found from the above savings, and I request permission for the utilization of the amount from that source for the purpose in lieu of the additional dispensary proposed, as under the present financial condition of the board it is found impossible to provide for both of the items of expenditure either from the said savings or from the boards' general funds.

I have the honour to be
